This particular release.Today marks two years ago that I wrote my very first blog post for WordPress. Which really isn't a lot of time for any one person to create an entire blog and a few months to begin monetizing it. I know how hard it is to start a blog especially when you have no money and no support from the community. I just want to take this time and reflect on my first year and what I have learned so far. I have moved to the United States from Canada, moved to another country, developed more contacts and brand ambassadors, built a company and an audience, and improved my company and my blog in more ways than I could have predicted at the time. My Blog Stats at the start and end of 2015 from Google Analytics. Moved To The United States I moved to the United States on the 30th of April 2015. Two years ago.
